THE ROAD REPAIR AND ACCOUNTABILITY ACT OF 2017**

WHEREAS, Senate Bill 1 (SB 1), the Road Repair and Accountability Act of 2017 (Chapter 5, Statutes of 2017) was passed by the Legislature and Signed into law by the Governor in April 2017 to address the significant multi-modal transportation funding shortfalls statewide; and

WHEREAS, SB 1 includes accountability and transparency provisions that will ensure the residents of the City of Pacifica are aware of the projects proposed for funding in our community and which projects have been completed each fiscal year; and

WHEREAS, the City of Pacifica must adopt by resolution a list of projects proposed to receive fiscal year funding from the Road Maintenance and Rehabilitation Account (RMRA), created by SB 1, which must include a description and the location of each proposed project, a proposed schedule for the project's completion, and the estimated useful life of the improvement; and

WHEREAS, the City of Pacifica, will receive an estimated \$956,228 in RMRA funding in Fiscal Year 2023-24 from SB 1; and

WHEREAS, this is the seventh year in which the City of Pacifica is receiving SB 1 funding and will enable the City of Pacifica to continue essential road maintenance and rehabilitation projects, safety improvements, repairing and replacing aging bridges, and increasing access and mobility options for the traveling public that would not have otherwise been possible without SB 1; and

WHEREAS, the City of Pacifica has undergone a robust public process to ensure public input into our community's transportation priorities/the project list; and

WHEREAS, the City of Pacifica used a Pavement Management System to develop the SB 1 project list to ensure revenues are being used on the most high-priority and cost-effective projects that also meet the communities priorities for transportation investment; and

WHEREAS, the funding from SB 1 will help the City of Pacifica maintain and rehabilitate several streets/roads throughout the City of Pacifica this year and other similar projects into the future; and

WHEREAS, the 2021 California Statewide Local Streets and Roads Needs Assessment found that the City of Pacifica streets and roads are in an "poor" condition and this revenue will help us increase the overall quality of our road system and over the next decade will bring our streets and roads into a "at risk" condition; and

WHEREAS, the SB 1 project list and overall investment in our local streets and roads infrastructure with a focus on basic maintenance and safety, investing in complete streets infrastructure, and using cutting-edge technology, materials and practices, will have significant positive co-benefits statewide.
